THE CITY FATHERS.

Meeting of the Board of Aldermen, Assistant Aldermen and Supervisors.

General Cochrane's Repudiation-Rapid Transit-The Aldermen's Invitation to a Calico Hop-Compulsory Voting.

BOARD OF ALDERMEN.

Journalistic Aspersions Denounced—The Question of Rapid Transit-The City Fathers Invited to a Calico Hop—Compulsory Voting.
There seemed to be a good deal of interest manisted in regard to the proceedings of the Board of idermen yesterday. There was a full attendance. General Cochrane presided, and, having disposed of some routine business, called attention to the fact that an article had been published last week in one of the evening papers commenting somewhat severely upon his course of action. General Cochrane Cochr rane took occasion to remark that while he had this was the first occasion on which he had been calumniated. In the course of a very vigorous address the General denounced the charges as being utterly devoid of truth.

Some discussion arose as to the appointment of a Some discussion arose as to the appointment of a Finance Committee, and after a brief debate Messrs, Vance, Martin, Wilder and Fitzgerald were nominated, and directed to act as suon committee. Numerous petitions and memorials in relation to pavements and gas inxtures were then presented, and referred to the proper committees.

An invitation was extended to the Aldermen to take a ride in the Pheumatic tunnel, for the purpose of seeing the recent improvements.

Alderman Glissy earnestiy advocated the necessity of quick transit, and urged the importance of rapid communication from one end of the city to the other.

the other.

The proceedings of the Aldermen were not totally divested of some humorous features, for when the Cierk read the invitation to the Council to the Williams Calico Hop, a considerable deal of merriment provailed. Everything considered, there appeared to be little or no terpsichorean propensities displayed, and the invitation was laid on the table.

Alderman Radde-presented a petition in recrence to election frauds, which set forth that every man entitled to vote should be compelled to register his vote on the day of election.

A resolution was subsequently presented and carried requiring the proper authorities to furnish a detailed statement of the fines received for the past year.

year.
The question of furnishing each Alderman with a

badge of office caused a little commotion, some being in favor and some against the idea of wear-ing an official token of office. The matter was finally referred to the Committee on Repairs and Supplies. Messrs. Van Schaick and Falconer having been added to the Committee on the Fourth Avenue Rail-road improvements, the Board adjourned.

BOARD OF ASSISTANT ALDERMEN.

The Harlem Railroad Mantrap.

The Board of Assistant Aldermen met at two O'clock yesterday afternoon. Mr. Otis T. Hale occupied the chair. It was understood that very impor-

THE REGULATION OF MARKETS would be brought before the Board, and consequently there was a large attendance of persons in-

terested in this important branch of traffic. After the meeting was called to order assistant Alderman Costello offered the following resolution, which was

Basolved, That the Counsel to the Corporation be requested to communicate to this Board, as early as possible, his opinion as to the power of the Common Council over and in respect to markets, making such opinion specially and specifically clear on each and every branch of such subject.

INQUIRIES INTO THE STATE OF THE MARKETS.

The PRESIDENT Of the BOARD then offered the following set of resolutions, which were adopted after discussion:—

Alter discussion:—

Resolved, That the Committee on Markets investigate the markets in the city of New York and report to this Board.

First—Whether the ordinance in relation to cleaniness, and to prevent the sale of discussed meat and decayed vegelables, or unwholesome food on any kind are properly enformed.

The only other business of importance transacted outside the regular routine was the recommuneur of the report of the Committee on Railroads in favor of concurring with the Board of Aldermen to repeal the resolutions passed by the old Common Council relative to covering the Harlem Railway tracks above Forty-second street.

BOARD OF SUPERVISORS.

The Cost of the New Court House-Standing Committees. *
The Board of Supervisors met yesterday after-

aoon, Mayor Hall presiding. Several communications were read and received, including the Chamberlain's annual report. The following gentlemen were appointed on the

Standing Committees:

Annual Taxes and Finance-Messis. Van Schaick, Vance, Cochrane and Glisey.

(Neil Courts-Messis. Cochrane, Van Schaick, Falconer and Martin.

Cumy Officers-Messra. Conover, Joyce, McLaren and Wilder. Wilder.

Criminal Courts—Messrs. Joyce, Hackett, Mehroach, McLaren and Falconer.

Public Charities and Correction—Messrs. Vance, Cochrane, Badde and Martin.

Printing and Stationery—Messrs. McLaren, Radde, Wilder and Martin.

Printing and Sationary—Messis, McLaren, Radde, Wilder and Martin.

Armories and Drill Rooms—Messis, Gilsey, Conover, McLaren, Joyce and Van Schaick.

Pud—Messis, Falconer, Joyce, Mehrbach and Vance.

Salaries—Messis, Martin, Conover, Fitzgeraid and Gilsey.

Bridge—Messis, Wilder, Fitzgeraid, Coman and Flunkitt.

A requisition was sent in, cailing upon the Comptiolier to furnish a statement of the entire cost of the New Court House and all the expenses relative thereto, and some routine business having been disposed of the Board adjourned, a resolution having been previously offered and adopted to meet on the dirst and third Monday of each month.

THE GAS MONOPOLY.

Meeting on the West Side-Another Petition for Free Gas Indited to the Legislature. A small meeting was held last evening at Radelife Hall, in Eighth avenue, under the auspices of the "Gas Relief Co-operative Association," which was organized on the 1st of February, with Dr. Daniel Van Dyck as President. The object of this Daniel Van Dyck as President. The object of this association, though not so comprehensive as the one which was formed under the leadersnip of Mr. Theodore Tomlinson, is to persuade the Legislature to enact a law which shall make the government the owner and manager of the gas works of this city, and ultimately make the supply of artificial light is free as that of Croton water.

The meeting was called to order at about eight o'clock by Dr. Van Dyck, and resolutions were adopted senting forth the sentiments that are substantially expressed in the following petition to the legislative solons of our State:—

TO THE HONORABLE THE LEGISLATURE OF THE STATE OF NEW YORK:—
We, the undersigned citizens of the city of New York,

OF NEW YORK:

We, the undersigned clinene of the city of New York, respectfully represent to your honorable body that we are subjected to a most onerous oppression in the matter of the public and private lighting of the city of New York; that we are charged most exorbitant prices for the gas we consume, even were it a good and sufficient article.

That we sincerely believe that no other city on this continent is so enormously abused in this respect; that it is one of the essential necessaries of life, as much so, in fact, as bread, and that every family is dependent upon a chartered monopoly in no manner under the control of the people of this city; that we believe that, as in the matter of the water supply, the lighting of the city should be under the control of the municipality.

Numerous copies of this petition are vigorously

of the municipality.

Numerous copies of this petition are vigorously circulated through the city and nave already received a very large number of signatures. A committee was appointed to make arrangements for holding a public meeting in a short time upon the subject of the gas supply at the Cooper institute.

Four out of the six suits brought against Mr. Kohn, a coal dealer, of the Nineteenth ward, accusing him of giving short weight in his business transactions, have been summarily dismissed for want of sufficient evidence to austain the charges. His accusers have evidently acted too precipinately, for if they received short weight Mr. Kohn believes that they must have sustained in in the unloading of the carts, for every one of the carts have the full weight on leaving the yard.

FINANCIAL AND COMMERCIAL

On 'Change to-day wheat was firm and actual business was at a little improvement in prices, but the market continued dull. Cotton was buoyant and 3/4 a 1/4c. higher.

MONEY BASY. The money market was characterized by some activity early in the day, pending the general agitation attending the unsettled feeling in the street as to the upshot of the new complications in the adjustment of the questions connected with the settlement of the Alabama claims, and the first transactions were at 7 per cent on stocks and at 6 per cent on governments. Afterward it became evident that the supply of money seeking employment on call was mo sufficient to meet the demand at the legal rate, and the closing quotation was 5 a 6 per cent for loans on stocks, many of the brokers getting their supply at

dull, on the basis of 100 a 109% for prime bankers' sixty day sterling and 109% a 109% for sight bills.

GOVERNMENTS STEADY.

The government list was firm early in the day, as consequence of the advance in gold, the effect of which was unchecked by lower quotations abroad, the foreign market being, on the contrary, decidedly strong for our bonds. The improvement with this firmness was trifling, however, and was not retained when gold went off to 110, the market closing about as it opened. The following were the final quotations:—United States currency sixes, 114% a 115; do. sixes, 1881, registered, 114% a 114%; do. do., coupon, 115% a 115%; do. five-twenties, registered, May and November, 110% a 110%; do. do., 1862, coupon, do., 110½ a 110½; do. do.
1864, do. do., 110½ a 110½; do. do., 1865, do. do.,
111½ a 111½; do. do., 1867, registered, January and
July, 111 a 111½; do. do., 1865, coupon, do., 110½
a 110½; do. do., 1867, do. do., 112 a 112½; do. do., 1868, do. do., 112% a 112%; do. fives of 1881, funded, registered, 108% a 109; do. do., coupon, 108% a 109; do., ten-forties, registered, 107 a 107%; do. do., coupon, 110% a 110%.

GOLD ACTIVE-110 A 110%. The more warlike character of the press comnents here and in England upon the concessions to be made in the range of matters to be arbitrated by the Conference at Geneva sent the gold brokers into the Gold Room at an early hour this morning. and started a rise from 110 to 1101/2 before the Board was formally called to order. The first regular quotation was 110%, between which and 110 there was a feverish fluctuation pretty near;y all day, the reaction to the lower figure being the result of later cable telegrams that the Lendon papers this morning were more pacific in their tone—one of them (the *Times*) going as far as to rebuke its brethren for their unseemly temper, cate these claims the worst feeling that could follow would be regret. Something also was expected in the way of fe licitous suggestions from the Queen in her speech opening Parliament to-morrow. The Slight fluctuation of the day—only one-quarter of one per cent—is explained by the counterpoise of the "bull" and "bear" sentiment in the market, the "bears" pointing gleefully to the undounted strength of British consols and United States five-twenties in London to-day, and the "bulls" holding tenaciously to the belief that where there is so much smoke there must be some fire. The speculative contest ended in a drawn battle, for the slight advantage gained by the "buils" hardly paid the expenses of their venture, and business closed with both parties intrenched aimost upon the very ground where hostilities had begun in the morning.

THE SPECIE MOVEMENT.
The imports of specie at this port during the past week and since the beginning of the year have been as follows:—
Total for the week. \$13,137 Previously reported 94,05
Total since January 1, 1872 \$107,18 Same time 1871 194,77 Same time 1870 2,030,23 Same time 1869 600,79
down proof on min viccoms

specie, at the port of New York for the week en February 3 and since the beginning of the year:-

Total for week... \$6,338,518 Prev. reported.. 13,956,817 \$4,651.876 20,937,030 Since Jan. 1.. \$26,295,335 \$25,588,906 \$31,934,517 SOUTHERN SECURITURS DULL. The Southern State bonds were dull, with a

steadier if not stronger tone, the newer feature being a faint show of animation in the North Carolinas, which were in better request for the several issues. The South Carolinas were higher on light transactions, holders showing more confidence in view of the effort now being made to have the State authorities fund the debt into a consolidated "long" bond at six per cent interest. The following were the closing quotations:—Tennessee, ex coupon, 65% a 66; do. new, 65% a 66; Virginia, ex coupon, 56 a 58; do. registered stock, old, 45 a 59; do. sixes, consoli dated bonds, 55 a 55%; do. sixes, deferred scrip. 16 a 18; Georgia sixes, 75 a 78; do. sevens, 85 a 87; North Carolina, ex coupon, 323; a 33; do. funding, 1866, 22 a 24; do. do., 1868, 23 a 23; do. new, 16 a 17; do., special tax, 13 a 14; Missouri sixes, 94½ a 95½; do. Hannibal and St. Joseph, 93 a 94; Louisiana sixes, 55 a 60; do. new, 50 a 55; do. levee sixes, 62 a 65; do. do. eights, 70 a 80; do, do, eights, 1875, 81 a 83; do, Penitentiary sevens, 65 a 70; do. railroad eights, 70 a 78; Alabama fives, 60 a 65; do. eights, 90 a 95; do. eights, Montgomery and Eufaula Railroad, 85 a 90; South Carolina sixes, 51 a 55; do. new, Jannary and July, 30 a 31; do. do., April and Octo-ber, 28½ a 29; Arkansas sixes, funded, 57 a 60.

THE RAILROAD BONDS The railroad bonds were strong, buyers advancing their prices, but without inducing many sales. The Boston, Hartford and Eric mortgages were in request, and both plain and guaranteed bonds are

low nearly equal in price.	THE IOHOWING MELS THE

STOCKS FEVERISH AND STR The agitation which occasioned the firmer and

nore active market for gold had naturally a reverse ffect upon the speculative movement at the Stock Exchange, and was helped in its depression of prices by the intermediate incident of the absence from the street, on account of sickness, of Mr. Daniel Draw. whose "life preservers" in the shape

thousands of accounts in the brokers' offices. A slight indisposi any ordinary man might be a trifling matter to Wall street, but with Mr. Drew's advanced years his lilness had terrors for the host of speculators holding his contracts. When, therefore, the "war" was aggravated by this special, local circumstance, Wabash fell to 75 and Northwestern to 73%, these wansa left to 75 and Northwestern to 75, these shares being, in the knowledge of more than one man in Wall street, the favorites over which Mr. Drew has extended his largest patronage during the past three or four months. In the excitement pre-vailing at this period of the day Eric went off to 30, wise the market, while lower, was hardly weak and stubborniy resisted the efforts of the "bears," forming a counterpart in its lack of susceptibility of depression to the unwillingness of gold to go above 110¼ under the application of the same influences. Indeed, both "bulls" and "bears" kept their eyes on the gold dist in the Stock Exchange, and made their estimates of the future of their own market according to its finctuations. When event-ually money closed at 5 a 6 per cent, and the cable had reported the London Times as rejecting the interpretation of English sentiment upon the English press, the whole market became strong and buoyant, prices suddenly advancing beyond even the opening figures and leaving off at pretty nearly the nighest of the day, the reaction being explained by the usual tendency to realize the profits so quickly made by those who had bought in the forenoon. At the very close there was some disposition to question the tenor of the cable synopsis of the Times article. The reaction had this turther explanation also. In the miscellaneous stocks Canton advanced to 83 and Quicksilver to 30%. The completed return of the earnings of the Milwankee and St. Paul Ratiroad for the month of January shows an increase of \$64,225 over last year.

HIGHEST AND LOWEST PRICES.

The following table shows the highest and lowest prices of the principal stocks during the day:-

A NEW VIEW OF "PROTECTION."

WILLIAMSBURG, Feb. 3, 1872.

TO THE EDITOR OF THE HERALD:—
Your financial article in to-day's paper makes out a good case, and, unintentionally, perhaps, shows the necessity for further "protective textistation." It is neld by a majority of our law makers that we must not buy in the cheapest market, and if an article can be produced in any other country cheaper than in our own that must be rectified or equalized by a tarif. It is, therefore, obvious that if our iron and cotton mills and other interests enjoy protection against their parsimonious fellow citizens who would purchase their supplies eisewhere but for this excellent system of equalization, these native bond dealers must not remain at a disadvantage, and such a tariff be forthwith imposed upon all bonds purchased abroad as will enable our riends in Wall street to compete with the foreigner, otherwise these gentlemen will be ruined—"their industrial pursuits paralyzed," and competied to engage in some business that will pay without protection.

OUR COLLEGES.

Columbia College-Intermediate Examination The intermediate examination of the classes of Columbia College commenced yesterday at half-past nine o'clock and continues through the week. Yesterday the seniors were examined in Greek, the juniors in physics, the sophomores in geometry and trigonometry, and the freshmen in Grecian history and Roman antiquities. In the "School of Mines" the preparatory class was examined in There are about one hundred and ten under

graduates in the college, and about one hundred in graduates in the college, and about one interest to the School of Mines. It is a matter of interest to the public that the college is practically free, it being well able and quite willing to dispense with tuition fees when the student is unable to pay them. The "intermediate" examination is little more than a half yearly review, and not of special im-portance except as a sort of sleve to strain out such students as cannot keep up, so that the best elements can be kept by themselves. College of the City of New York-Last Day

of the Examination.

The semi-annual examination at the College of the City of New York was concluded yesterday by the examination of the Junior Class, which was examined in Latin, Greek and Spanish. In these languages they were required to translate as well as to explain knotty points of grammar. The cabinet forming in the department of engineering has received feveral valuable additions from

neering has received leveral variable additions from Colonel D. W. Flaglin, commanding officer of the United States Arsenal at Rock Island, Ill., in the shape of specimens of slate and building stone used in the government editices there, iron giraers ruptured by a transverse strain, and pieces of iron from fitteen and twenty-inch guns which were used in the experiments of General Rodman.

The results of the examination will be read to the students on the sth has. In their respective promise
